Dear Principal Hamlin:

Klamath County Public Health appreciates the work of you and your colleagues in keeping our youth educated and the entire community healthy and safe. Our partnership began long before COVID-19, and we will continue to support you into the future.

We have received and reviewed sections one through three of the Operational Blueprint for Reentry and are prepared to work with you and your school district to mitigate the impact of COVID-19 in local schools.

Please know that Public Health values the work you do and is a proud partner in helping our local education professionals continue to shape the future through service to youth. Should you have any questions or concerns, please call me at 541.882.8846.

Sincerely,
